

Science panel will review Delta economic sustainability plan

An independent science panel will meet two days next week to review the Delta Protection Commission's [draft economic sustainability plan](#) for the Delta. The meetings will be Tuesday, Nov. 1, in Walnut Grove and Wednesday, Nov. 2 in Sacramento. Public comments will be taken during the meetings. The agenda, details and contact information are available [here](#).

Water board set to receive report from Delta watermaster

At its [meeting](#) on Tuesday, Nov. 1, the State Water Resources Control Board will be receiving a report from the Delta watermaster. [Statements of Water Diversions and Use: Providing a Better Picture of Water Use in the Delta](#) looks at recent statutory changes that will generate meaningful information regarding water diversion and use, particularly in the Delta.

FESSRO launches website with program, project information

The FloodSAFE Environmental Stewardship and Statewide Resources Office (FESSRO) has launched a new [website](#) to provide the latest information on current projects. The website includes sections on Delta levees, floodway ecosystems and environmental restoration. FESSRO's Delta Levees and Environmental Engineering branch coordinates with Delta agencies to improve and support levee stability and maintenance and flood emergency preparedness.

Stockton to host summit on California agritourism

The Delta Conservancy is one of the sponsors of an agritourism summit to be held Friday, Nov. 4, in Stockton. The day-long event will focus on ways to start and support agritourism businesses, including ways to effectively use websites and social media. Details are available in the [agenda](#). Online [registration](#) is available.

DWR brochure details development process for Update 2013

DWR has published a new [brochure](#) outlining the ongoing development of [California Water Plan Update 2013](#) (Update 2013). There is information detailing new focal areas and changes from the last Water Plan update in 2009. To monitor the process of Update 2013, the brochure includes a list of links where the latest information is available.

Transportation plan will take land use goals into consideration

The California Department of Transportation will be holding two public workshops to discuss a strategy that would combine California's transportation and land use goals. The [California Interregional Blueprint](#) is a planning process designed to create more sustainable mobility solutions. The [workshops](#) will be held Friday, Nov. 4, in Sacramento, and Tuesday, Nov. 8, in Los Angeles.
